

PAYROLL CARD

GUARANTEE PAYROLL DISTRIBUTION ON TIME. EVERY TIME.

Wirecard's Payroll solution can help your business guarantee payroll delivery on time, every time. We work jointly with your organization to implement a smooth and streamlined payment delivery solution that is compliant and sustainable to your business. Our focus is to ensure your employees benefit from a payment delivery system that is reliable, flexible and secure, along with having the ability to access account management tools to easily maintain complete control over their funds. By partnering with Wirecard, your company benefit from having one solution for handling all instances of pay: first pay, ongoing, exception and termination.

Our relationship team has 35 years of combined experience servicing over 750 programs in North America.

The Solution

Our solution provides employees with the choice between direct deposit, a Payroll Card and a secure Pre-Check option to receive their preferred method of payment. Along with offering employees choices, we can help you optimize your Payroll program. We offer complete program customization, including cardholder account management website, card design and marketing materials.

Key Benefits

Employee Benefits

- ▶ Multiple fee-free ways to access full net pay
- ▶ Spend anywhere Visa® or Mastercard® is accepted
- ▶ Access fee-free customer service 24x7x365 via Web, IVR, and live rep
- ▶ Payroll accounts are FDIC insured
- ▶ Fraud protection with Visa® or Mastercard® Zero Liability

Employer Benefits

- ▶ Eliminate costs and liability associated with checks and escheatment
- ▶ Handle real-time delivery for exceptions such as termination or off-cycle payments
- ▶ Receive reporting for auditing or program performance

How it Works

- ▶ Employee receives a personalized prepaid Visa® or Mastercard® branded card
- ▶ Payroll will automatically deposit pay on pay day
- ▶ All employees will be eligible to receive a payroll prepaid card
- ▶ Not a credit card or bank account therefore no need for credit checks or implications
