

PAYROLL SUITE

GUARANTEE PAYROLL DISTRIBUTION ON TIME. EVERY TIME.

Our relationship team has 35 years of combined experience servicing more than 750 programs in North America. The Payroll Suite leverages this experience, state-by-state regulatory knowledge, and the security and coverage of payment cards to offer your employees a better way to be paid.

Wirecard's Payroll Suite can help your business guarantee payroll delivery on time, every time. We work jointly with your organization to implement a smooth, streamlined payment delivery solution that is compliant and sustainable to your business. Our focus is to ensure that your employees benefit from a reliable, flexible, secure payment delivery solution with account management tools that make it easy to maintain complete control over their funds. By partnering with Wirecard, your company enjoys a single solution for handling all instances of pay, including first pay day, ongoing payments, exceptions, and terminations.

The Solution

Our solution provides employees with the choice between direct deposit, a payroll card, and a secure pre-check option. Along with offering employees choices, we can help you optimize your payroll program with customization including a cardholder account management website, card design, and marketing materials.
